From the Desk of Principal

Dear Learners,

Greetings!

As we gear up for another academic year filled with promise and potential, it gives me great pleasure to extend a warm welcome to all prospective students to Behali Degree College, Borgang.

Behali Degree College stands out as one of the leading undergraduate institutions in Biswanath District, maintaining high academic standards and offering accessible, quality education to empower students from all walks of life. Recently accredited with a B+ Grade from NAAC, our college has been pivotal in providing higher education opportunities, nurturing talents, instilling true human values, and fostering universal brotherhood particularly in rural and remote areas. The increasing enrolment figures underscore the college's significance and demand in the greater Behali area.

The college has adopted a Four-Year Undergraduate Programme (FYUGP) in line with the National Education Policy (NEP) 2020 since the last academic year (2023-24). This policy promotes critical

thinking, problem-solving skills, and creativity through a flexible credit-based system. It encourages interdisciplinary and multidisciplinary learning, allowing students to explore various fields of study and customize their educational journey based on their interests and aspirations. Moreover, with study centers from Krishna Kanta Handique State Open University (KKHSOU) and Gauhati University Centre for Distance and Online Education (GUCDOE) within our campus, education is easily accessible to all learners, regardless of age, and academic background.

Our college offers undergraduate courses in 13 disciplines, leading to B.A. degrees in Assamese, Economics, Education, English, History, Philosophy, Political Science, and Sanskrit, as well as B.Sc. degrees in Botany, Chemistry, Mathematics, Physics, and Zoology. Our experienced, highly qualified, and dedicated faculty members are here to guide and support you in every step of your journey, ensuring that your time at Behali Degree College is not only academically enriching but also personally fulfilling.

Furthermore, the college is actively involved in community service programmes through its extension cells. Our students participate in NSS and NCC activities, contributing to nation-building endeavours. We prioritize both academic excellence and co-curricular activities, providing facilities for students to develop their talents. The college continually integrates state-of-the-art facilities into its teaching-learning programmes.

I am delighted to invite you to explore the opportunities that await you at Behali Degree College and join us in shaping the future leaders of tomorrow.

Warm regards,

Dr. Ramen Borah (MA, PhD)
In Charge Principal
Behali Degree College

The College at a Glance

Behali Degree College, affiliated to Gauhati University was established in 1989 by some enthusiastic and active citizens of Behali. In a recent notification dated 10/02/2024, Govt. of Assam Higher Education Department listed Behali Degree College to Madhabdev University. It now stands as a premier institute in the Biswanath district. The college is proud of its alumni who have carved their names in various educational and professional fields.

With the establishment of Science stream in 2020, the college now has number of highly qualified faculty members who are catering to over a thousand students. The college strongly believes the new students will be highly benefitted by its teaching staff. An active mentor-mentee system in which the students are attached to one faculty who acts as their mentor is used by the college for personal care of the students. The college also has dedicated non-teaching staff to efficiently carry out their respective works.

The college has a new building with well-furnished classrooms facilities. To enrich the students with appropriate support, a new library building under the aegis of Mr. Ranjit Dutta, MLA, Behali has been constructed. The college library provides facilities like textbooks, reference books, journals, and periodicals etc. The college is a member of N-List Care, an initiative of MHRD, with access to millions of e-resources that would provide conducive study materials in online mode. The college also provides support to students interested to use SWAYAM, an E learning platform initiated by MHRD, Govt. of India.

The NCC and NSS units of the college are highly active to facilitate interested students in engaging activities throughout the year.

In addition, Krishna Kanta Handique State Open University (KKHSOU) and Gauhati University Centre for Distance and Online Education (GUCDOE) are also available.

Our Mottos:

- ❖ All round development of the students
- ❖ Preparing students for future endeavors
- ❖ Committed to excellence in Education
- ❖ Enabling students to face future challenges
- ❖ Imparting quality Education both in offline and online modes

Emblem:

The college emblem has a bright Sun in the innermost circle spreading its rays over a Swan above and a Lotus below and in between the motto of the college "BLOOM AS A LOTUS" is written. The college emblem symbolizes our journey towards excellence.

NEP-2020 (FYUGP)

Under Graduate Course for the Session 2024-25

About NEP-2020 (FYUGP)

A **Four-Year Undergraduate Programme (FYUGP)** with multiple entries and exits. In this programme, one has the choice to exit from the programme thrice – after one year, after two years and after three years.

Progression:

In FYUGP, students get a Bachelor Degree with Major after 3 years and a degree with Major & Honours or a degree with Honours with Research after 4 year. If a student exits the FYUGP after 3 years, she/he will need to take admission into the first year of a Master's programme, which is a 2-year Master degree programme. However, if a student fully completes an FYUGP, she/he needs to take admission into the second year of a Master's programme and needs to complete only one year to get a Master Degree. Once a student takes admission into a Master's programme either after 3 years of the Bachelor's programme or after FYUGP, one will be able to take admission into a Doctoral programme leading to the Degree of PhD. However, if a student is exceptionally good, one can directly take admission into a Doctoral programme right after the FYUGP, bypassing the Master's programme.

About Courses

Basically, there are two parts of a course under the FYUGP – (a) Core Courses and (b) Common Courses. As the name suggests, different students study different core courses and all students study the common courses. The minimum credit allocation for a 3-year programme is 66 credits in Core Courses and 62 credits in Common Courses, which comes to a total of minimum 128 credits for a 3-year programme. With the fourth year, the minimum credit requirement becomes 174.

Core Courses:

The Core Courses determine the ultimate degree, diploma, or certificate a student will earn at the end of third (or fourth) year, second year, or first year, respectively. The Core Courses have to be chosen among a plethora of subjects offered for both the types of degrees, respectively. In case of a Bachelor's Degree in a Stream, the components of the Core Courses are Major and / or Minors. Usually, for majority of the students, the Core Course will consist of one Major and one Minor.

Common Courses:

The common courses are to be studied by all students alike and all-together they carry total credits of 34 over a 3-year period. These courses are further divided into following sub-categories:

Multi-disciplinary Course (MDC): These are 3-credit courses spanning over different groups of subjects.

Ability Enhancement Course (AEC): An Ability Enhancement Course is aimed at providing the student with skill and ability. The Ability Enhancement Courses must be opted by a student and the student can choose papers from a pool of Skill Enhancement Courses. This is an 8-credit course covering language/ Alternative English and English Usage (Communication).

Skill Enhancement Course (SEC): These are various skill courses with total credit allocation of 10. All students need to complete three skill courses during Semesters 1-3.

Value Added Course (VAC): The VAC courses will come from various sub groups comprises of Introduction to Yoga, NSS & Youth development, Sports & Physical Education, Primary skills on Rover & Ranger and Environmental Studies. All together they will have a credit allocation of 7. Each student will have to take any three courses from any three groups during Semesters 1, 2, & 3.

Internship: All students are to carry out an Internship with a credit allocation of 4. The internship is expected to be carried out in Semester 4 & 5. The internships are meant to be done during semester breaks they will not interfere with other classes.

Research Project: A student can opt (Subject to conditions) a dissertation or a project work of 2 credits in the Sixth Semester.

The Fourth Year

In the FYUGP, the fourth year is at par with the first year of a Master's programme, as a student can directly take admission into the second year of a Master's programme after the successful completion of the FYUGP. In the fourth year, a student has to complete one compulsory paper on Research Methodology (REM) in the Semester 7, which is a 4-credit theory paper. The rest of courses will consist of Advanced Core Courses and a Dissertation depending on whether a student opts for a Degree (Honours) or Degree (Honours) with Research.
